CAMERON URBAN RENEWAL REPORT

CAMERON City Council made the first official step toward improving the downtown area when Mayor Bassel Wilson appointed a planning commission in 1964 to study needs of the city. Council members (left to right) Lawrence Zotz, Robert Clark, Starrett Hickman, Mayor E. A. Perrin, J. P. Fuller, city secretary, Lester Turner, Monroe Fuchs and Ed Magre, city attorney, worked with Urban Renewal planners to redesign street levels and underground utility lines in the Mall area.

Urban Renewal Agency

Report To City Council

The Cameron Urban Renewal Agency operates in cooperation with the City of Cameron and keeps the City Council informed as to progress of the downtown renewal project. The following letter includes the latest information on costs, relocations of businesses and rehabilitation of buildings in the urban renewal area.

April 1, 1972

The Honorable E. A. Perrin
Members of the City Council
Cameron, Texas 76520

Gentlemen:

We of the Urban Renewal Commission and Staff are happy to report to you on the progress made in the first year of execution of Urban Renewal in our City.

You will recall that we were notified of our approval on February 4, 1971 with the contract signed with the Department of Housing and Urban Development on April 15, 1971. The first funds were received May 13, 1971.

The total cost of our Program is $774,885.00 with the City providing Cash or Credits in the amount of $146,845.00. We received a Cash Grant of $177,000.00 to move and relocate businesses.

Thirty-two properties were shown for acquisition originally, but seven were removed to Rehabilitation Status by request of property owners. Twenty-two properties have been acquired at a cost of $151,442.00. Three properties are awaiting Rehabilitation of buildings before they are acquired.

Our Program called for 26 business relocations, a total of 17 have been relocated, 4 discontinued business, 3 Rehabbed buildings and will not move. Two businesses are awaiting Rehabilitation of buildings. We feel confident that we will be able to meet the deadline of July 1, 1972 in relocating of all businesses. A total of $44,557.02 has been paid in moving costs and payments in lieu of to Small Businesses.

We are presently removing buildings in the proposed Mall Area as well as buildings in other areas of the project. We hope to be able to start Engineering in this Area in the near future.

We are pleased to report an under-run on all budgets to date and hope to be able to continue so as to increase the scope of our program in other areas.

We appreciate very much the fine cooperation we have received from the City Officials and the Citizenship. I express appreciation from our Urban Renewal Directors and Staff. We are looking forward to the date of completion of our Program and a new and beautiful Cameron.

Sincerely yours,
CAMERON URBAN
RENEWAL AGENCY
A. W. McCullin
Executive Director

The preparation of this brochure was financed in part through a federal advance from the Urban Renewal Agency of the Department of Housing and Urban Development under the provisions of Title 1 of the Housing Act of 1949, as amended.

New Tomorrow

How UR Started

It all began with a whispering campaign started by the Chamber of Commerce in 1963, when interested Citizens became aware of the plight of our business section and its future. In 1964 Mayor Bassel Wilson and the City Council appointed a Planning Commission to study, plan and recommend a plan for Cameron.

The first meeting of this Commission was held at the Chamber of Commerce office, September 30, 1965, convened by Forrest Sapp, president of the Chamber of Commerce. The following officers were elected: A. W. McCullin, Sr., chairman, Bill Burns, vice chairman, Mrs. Lois Sapp, secretary and other Board members: E. A. Perrin, Rev. Richard Freeman, E. O. Schiller, Jr., Miss Mildred Thornton, Don Humble and Leo Fuchs.

Many hours went into planning and research and from this study the Planning Commission recommended the City develop an Urban Renewal Program. The City Council voted to adopt Urban Renewal on June 6, 1966 and to present it to the Citizens in a Referendum election. This election was held August 27, 1966 and carried three to one, clearly indicating the desire of our Citizens that something be done to revitalize our City.

Urban Renewal Authority was appointed September 23, 1966, composed of: E. A. Perrin, Don Humble, Miss Mildred Thornton, Monroe Fuchs, Bill Burns, James D. Camp, and Porter Young. Perrin was elected Chairman and served until April 1968 when he became Mayor of Cameron. The Urban Renewal Agency recommended that Bernard Johnson Inc. of Houston, Texas, be employed to work up a plan and do engineering necessary to prepare Part I of the Plan. A planning advance was received May 8, 1968 in the amount of $14,656.00 from the Housing and Urban Development to enable us to start our planning.

A. W. McCullin Sr., was appointed to the Board in April, 1968, and was elected Chairman. He served until March 23, 1971 when he was employed as Executive Director. Miss Mildred Thornton was then elected Chairman of the Board.

After many revisions of the original plan telegrams were received February 4, 1971 from Sen. John Tower, Congressman Bob Poage and Housing Authority in Washington advising approval of Cameron's plan.

The Loan Grant Contract was signed with the Federal Government April 15, 1971. First money was received on May 13, 1971.

The program has provided employment as well as new and increased business in the building field and all related trades electrical, plumbing, painting, etc.

A new industry is opening, The Crown Chairs, Inc. They will manufacture from 40 to 60 upholstered chairs per week.

Choice Downtown sites are available. Cameron Urban Renewal Agency will begin in the near future receiving bids on lots cleared in the Project Area. Minimum acceptable prices will be set and three sealed bids required on each property. You will want to locate your business on the Downtown Mall - Where the Action Is.

Cameron Urban Renewal Program sponsored by U. S. Department of Housing & Urban Development, Urban Renewal Agency

URBAN RENEWAL STAFF -- Albert E. Matula relocation-rehabilitation officer, A. W. McCullin executive director, (standing) Mrs. Marvin R. Young, Jr., secretary, and Mrs. Roman Lehnert, secretary-bookkeeper. Offices, located at 112 East First St. in the Cox building, are open from 8 a.m. to 5 p.m. Monday through Friday with the staff available to answer any question about the Urban Renewal program.

Urban Renewal Answers Sample Questions

FINANCING

In the Survey and Planning stage, the Urban Renewal program was financed by an advance from HUD at interest rates ranging from 5 1/2% to 6 1/8 %. In the execution stage, we financed for the first four months through HUD at an interest rate of 6 1/8%. Then, upon the Board's request, permission was granted to go to bond financing.

Our bonds were sold at 2.67% with a $47.00 premium, to the First National Bank in Dallas, Texas. Our staff prepared our budget for a three-month period and immediately placed on time warrants, with local banks, the funds not immediately needed to earn 4 1/2% interest.

Saving our dollars to the benefit of our overall project, we continue to rework our budget each three months and place any money available on time warrants. In this manner, we have been able to earn $2,363.10. We shall continue to invest whatever available funds are not immediately needed in the program. We hope the earnings from this source will help overcome any increases that may occur in other costs.

PROPERTIES

When properties are purchased by the Local Public Agency, they are rented to the occupant, until he is relocated, at the same monthly rent he was paying prior to the purchase. The income is used to make necessary repairs on these buildings, and the balance is invested and used in the program.

HISTORY

Mrs. E. P. Werner of Cameron, Texas, now retired after teaching for 48 years in the public schools of the area, is researching records and visiting many of the older citizens to determine previous ownerships of properties and reveal many interesting facts regarding our city.

We believe most of our citizens will enjoy reading about our town and our people of an earlier day. Some wore spurs, if all we hear is true. We hope to preserve a copy in our Mall and one in our Public Library.

DEMOLITION

All contracts for work done in an Urban Renewal projects are on a three-bid basis. Of the two methods usually employed for demolition, our committee chose to sell the salvage to the contractor. It was estimated the $47,000.00 would be needed for demolition; but, by selling our salvage, we were able to award our contract to Baron Enterprise of Milano, Texas, on July 26, 1971, for $4,774.00 and salvage.

Mr. Baron has been able to sell all lumber on the job as removed. The bricks are moving to a Houston, Texas, project. Other materials have moved locally and to various surrounding areas. Some of the zinc store fronts and building decorations have been sold to builders of Western Towns in the State. Much of the debris from the buildings has been utilized to fill ravines and ditches in the area, thus improving the looks of our city.

CHANGES

We found a real problem as we began to develop our program. We had a rooming house in our project, substandard and not allowed in our program. We asked HUD for permission to change our program to allow the nonconforming rooming house to remain, if it were renovated and brought up to standard. This request was granted, and the rooming house is undergoing many changes and will be brought up to standard, affording housing for some twelve or thirteen senior citizens.

FINANCING

Upon close-out of our Survey and Planning accounts, our books reflected a 23% underrun of our Survey and Planning budget.

REHABILITATION LOANS

We were advised in September that no money was available for commercial rehab loans. This was a real shock, as we had four loans pending in Dallas. We started, immediately, to secure funds to take care of these loans, as they were keys in our over-all relocation problem.

We have been working to relocate all displaced businesses as soon as possible to beat the July 1, 1972, deadline. After July 1, one-fourth of the relocation will be furnished by the City; until then, the payments are an outright grant from the Federal Government. Our loans have been processed. The closing date was January 4, 1972, and all contracts were finalized. We received $62,050.00 to cover these loans.

GRIEVANCE COMM.

This committee was appointed to serve with our Urban Renewal Board, meeting once each month on the fourth Monday. This committee acts as a liaison between the citizenry and the Board to solve problems. We feel that this committee has been performing a very worthy service. The following are members of this committee: Mr. Bernay Dusek, Mr. Irving Bornfeld, Mr. Lawrence Zotz, Mr. Charles Manning, Mrs. Perry Holder, Mr. Gene Smitherman, Chairman.

CERTIFICATES of Compliance were presented to Mr. and Mrs. John B. Henderson, Sr., Mr. and Mrs. Perry Holder (standing), Mr. Albert Hajovsky, Dr. George Bowman, Mr. John Davis (representing Citizens National Bank) and Mr. Chili Manning by Cameron Urban Renewal officials A. W. McCullin and A. E. Matula (standing right).

Certificates will be presented to each business as it completes rehabilitation of buildings and meets codes and ordinances of the City of Cameron and the Urban Renewal Program. Others who received certificates were: Mr. and Mrs. George Miller and Mr. and Mrs. Leland Green, Jr.

CONSULTANTS to the Cameron Urban Renewal Commission from Bernard Johnson Engineers, Houston, have included (left to right) R. Sanni, M. Dowling, D. Witt, J. Rodriguez, R. Tangum, J. Gaffney, and J. Green, manager.

Cooperation 'Key'

We of the Urban Renewal Staff and Commission feel what success we may have had has been due to the fine help we have received from Senator John Tower's Office and Congressman Bob Poage in Washington. We have called on these gentlemen and their administrative assistants, Mr. Mike Burns in Senator Tower's Office and Mr. Charlie Blake in Congressman Poage's Office. We have always found them interested and most helpful.

We have found all personnel in the Department of Housing & Urban Developmen in Dallas and Fort Worth offices cooperative and helpful in every regard. Mayor E. A. Perrin and the City Council have cooperated in every respect. Without cooperation from the City Council, no progress would have been possible.

The Citizenship of Cameron and the Business Community and Property owners have been most cooperative and understanding of our problems. We have always received full cooperation from Mr. Frank Luecke and his personnel of The Cameron Herald and Mr. Gene Smitherman and the management and personnel at KMIL as we try to keep our Citizenship informed.

URBAN RENEWAL Commission and attorneys for the Commission are (left to right) Albert Hajovsky, Gene Blake, Don Humble, Dr. George Bowman, Ed Magre, Miss Mildred Thornton, Porter Young and James Camp.

Keeping Cameron Citizens Informed

It has been our desire to keep our Citizenship informed as to what Urban Renewal is - what it can do for a Community. We feel that if our Citizens are informed and the program is understood, our battle is half won.

We tried to do this in the early stages of our program through Townhall Meetings and speakers appearing before all clubs of our City telling the story and answering questions. Later a list of Question and Answers were printed to inform the Citizens.

In the Execution stage of the program we wrote letters to all people in the project area inviting them to come in to the office and discuss any problem they might have regarding the sale of their property, rehabing property or relocations. These interviews started in April, 1971, and continued until some 174 people were interviewed and informed regarding the program. We explained how property values were set, after two appraisals had been made and fair market value established.

We advised businesses to be relocated of payments they might be eligible to receive to cover moving costs and other related expense. Also that they might elect to receive payments in lieu of moving and related expense based on one years average income not less then $2,500 nor more than $10,000. We also advised that money was available for low interest loans at 3% to Rehabilitate their properties.

These interviews were followed by informational Statements mailed to each individual to emphasize their payment and benefits.

Urban Renewal Objectives

OBJECTIVES

Urban Renewal is a program which undertakes to revitalize or restore deteriorated and obsolecent areas of a city. It is a partnership between the City, Private Enterprise, and Federal Government. It works toward providing a satisfactory living and work environment for the people of the community.

GOALS

To provide a park-mall in the heart of Cameron to be used by all citizens and groups to present programs, as well as to afford a place to conduct activities of interest to our city - Afford parking in the shopping area and a beautiful park in the heart of Cameron.

To provide new streets, walks, curbs, drainage, and relocation of utilities.

To provide funds at low interest rates to property owners to make rehabilitation of properties possible.

To provide new water lines to make possible better fire protection and reduced rates.

To clear substandard buildings and redevelop area according to the most appropriate use (or re-use) found to be in the best interest of the total community.

To prevent deterioration and development of substandard buildings in the future, through code enforcement.

To demonstrate that an investment by the Federal Government on a cooperative basis with a city can be practical, beneficial, and a sound investment.

Mall-Park Plans

A committee has been appointed to study and plan the central block mall which planners feel will become the Heart of Cameron. A place of beauty in the heart of our City and providing a place to hold Folk Fetes, Christmas programs, Livestock Shows, Band Concerts and other activities.

The committee, selected from all walks of life, all ages and ethnic groups of the city includes: Dr. George Bowman, Chairman, Gene Blake, vice-chairman, Mrs. Bob Ellett, Mrs. Perry Holder, Mrs. Ed Magre, Mrs. Delbert Burlison, Christine Laws, James Kahler, Mrs. Bill Dase, Mrs. Leo Fuchs, Mrs. J. A. Bowling, Rev. Pete McCabe, Mrs. Odell Biggs, Mrs. Bea Foster, Mrs. Willie Henderson, Marcelenas Flores, Jack Tumlinson, Marvin Young, Vonda Chandler, and Alva Ray Mullinax.

A fountain committee has also been appointed to research and select a fountain for the mall area. Mrs. Frank Luecke and Mr. Edwin Bigbee will make recommendations to the Urban Renewal Committee.

Parking in the Mall Area will afford parking spaces for some 112, making it easier for our customers and visitors to park when visiting or shopping in our city.

The Urban Renewal Committee plans to place name plates in the Mall Area, representing business that have been moved. We will preserve the names of early Citizens, who constructed the building and the original business on the cover of a memorial cornerstone removed from the Young Men's Business League building (Auditorium Hotel) in the Mall Area. This organization was the forerunner of Cameron Chamber of Commerce and was installed in the Cameron Opera House in 1899.

Business Changes Viewed

Changes in downtown Cameron since Urban Renewal include the following improvements:

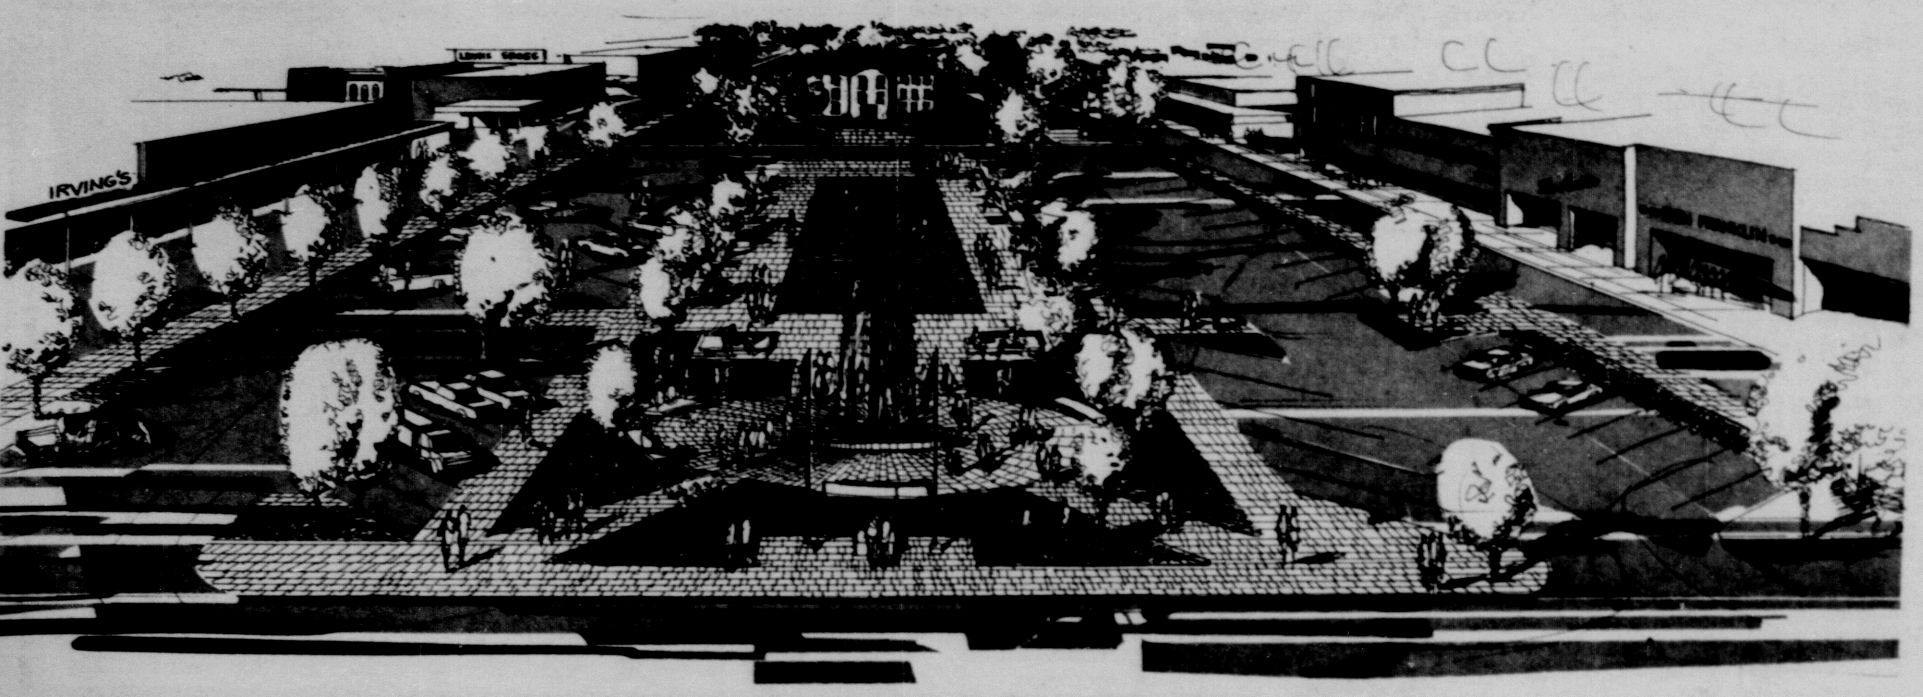
New buildings have been completed for Central Freight Lines and Lewis-Chili Shoe Store. New buildings are under construction for Milam County Farm Bureau and Irvings Dept. Store.

Extensive remodeling, building additions and in some cases re-location have been completed by Green Furniture Co., Edwin Bigbee Tax Office. Glass The Florist, Bigbee Supplies, The Culpepper Buildings (housing county health clinics and commodity food distribution center), Holder Tax Service, T.V.A. Bar, Kuehl Barber Shop, Kennon's Shoe Shop, Montgomery Ward Catalog Store, Henderson Building, Tex Miller Sandwich Shop, dental offices for Dr. George Bowman, J. C. Penney Co. and Cox Estate Buildings.

Remodeling is now in progress at Duke and Ayres Variety Store, Hornung Brothers Hatchery, Western Auto Store (the Wright Hotel was purchased by Albert Hajovsky who removed the top story and developed two store locations. Two back buildings are being removed) and the Bass Hotel.

Relocations have included: Jack Tumlinson Real Estate offices, Kopecky Jewelry, McCord Leather Shop, and Matthews Used Clothing.

Business electing to discontinue included :Lehnert Drug, Kennon Bar, Richard's Beauty Shop, Houston's Lunchroom (previously closed), and The Buckhorn Bar.



ChristieRapsInsuranceLaw

VICTORIA

State Senator Joe Christie Tuesday said that the time has come for the State's lawmakers to take a long and serious look at an "open competition" type of automobile insurance rating.

Christie, a candidate for lieutenant governor, spoke at a citywide political rally here saying, "Today's uniform insurance rating law is not meeting the public's needs and has actually resulted in compounded problem of high insurance."

Christie cited "high automobile insurance rates, the general lack of availability, and the increase in the number of uninsured motorists on the roads and the all too freguent dumping of elderly drivers -- as well as the very young drivers -- into what is properly known as the assigned risk pool, or into substandard markets where rates are even three or four times the regular rate."

"While Texas insurance problems have provided us with ample evidence that the present system is not working well, the State of California has operated under an open competition auto insurance rating law since 1947 without subjecting California motorists to nearly the problems we have had here," the West Texas Senator said.

The 38-year-old Senator said an open competition type of rating law would permit insurance companies to adjust their rates either up or down as their proven experience justifies, subject to inspection by the State Board to make certain that rates were neither too high nor set so low that they endangered the companies' solvency.

"But not all insurance problems can or should be laid at the doorstep of the companies," Christie said. "In the past, frequent raids on insurance company funds by outside business interests have caused these funds to be shifted to other interests, then dumped the insurance hulk back into the insurance business after it had been drained of its financial strength."

Christie pointed out that it was for this reason that he introduced and pushed through the Insurance Holding Company Act during the last session of the Legislature. Widely accepted as the most important piece of legislation in 40 years, the law not only incorporated all the features recommended by the National Association of Insurance holding companies, their subsidiaries, and their affiliates.

Texas Losing Millions, Says Treasurer Candidate

WACO

The State of Texas is suffering the loss of millions of dollars in revenue due to the inaction of incumbent State Treasurer Jesse James, according to Nolan Robnett, Democratic candidate for State Treasurer.

Speaking to Waco Jaycees, Robnett pledged to create "a special team of forecasters in the State Treasury whose responsibility would be to accurately determine the exact money needs of the State of Texas at any given time and to recommend the investment of all other sums in interest-bearing accounts in State Banks."

"The technique of forecasting or determining the exact amount of money that will be needed to pay bills or debts at any given point in time is a technique used successfully in modern businesses," said Robnett.

"It can easily be implemented in the State Treasury, and save Texas taxpayers millions in what would otherwise be necessary new taxes. The interest on all state monies would make some of those new taxes unnecessary. The interest money on additional state funds in time deposits would provide added revenue the State is not now receiving."

Robnett explained "the current outdated mode of operation of incumbent Jesse James is to arbitrarily put half of all state funds in open checking accounts, bearing no interest money for the State of Texas. With a team of skilled forecasters, we could accurately determine how much money the State would need in an open checking account on any given date to honor warrants or bills owed to any person or business in Texas. That amount of money would become available on a daily basis for transfer into a checking account. All other state money would be bearing interest and adding to the state's revenue," said Robnett.

Robnett told the Jaycee's he "firmly believes in putting a community's tax dollars back to work in the communities from whence they came. I would try, as best as practicable, to put the same amount of tax dollars raised from your community - whether from Waco or Muleshoe or wherever - back into a bank in that community. The banks in those communities would then have the use of those tax dollars to help citizens of those communities."

Robnett said the present system of operation in the State Treasury favors a "few large banks with strong ties to Jesse James."

Poage Votes To Prevent Pollution

A comprehensive bill intended to prevent pollution of streams and lakes was passed by the House last week, according to Cong. W. R. Poage, who said he voted for the bill.

In his newsletter, Cong. Poage said efforts were made to impose more stringent requirements. "I think we are going to have great difficulty in meeting even the requirements of this bill.

"And to impose the more stringent requirements suggested by the Senate would mean that we would probably have great difficulty in enforcing the legislation and that we would have tremendous disruption of our agricultural, mining and manufacturing plants all over the country."

Poage said it was a question of getting a "reasonable balance," and saying the country can't go back to conditions that existed when "the Comanches controlled our Texas prairies."

The legislation also raises the question of who should bear the economic burden, Poage continued. He said he voted for an amendment which was adopted, providing for governmental assistance to industrial plants threatened with closure as a result of environmental requirements.

NAMED EDITOR

C. G. Scruggs, for the past 13 years Southwestern Edition editor of The Progressive Farmer magazine with headquarters in Dallas, has been named executive editor of all editions of the magazine, it was announced by Emory Cunningham, president.

THANK YOU!

Thanks To All The Voters

Of The City Of Cameron

For Going To The Poles

On Tuesday, April 4 To Vote.

Thank you for myself and the other candidates by showing your interest in the city election. As an elected council man I will do my best to serve the city and work with the mayor and councilmen in a business like manner

Lincoln Mondrik
Councilman Place 2

Briscoe Travels Campaign Trail

Dolph Briscoe, candidate for governor, took the old saying to heart and finished March like a lion. The growing momentum in the Briscoe campaign is evidenced by the large and friendly receptions the Uvalde civic worker met during the last week of March as he campaigned about the state. He opened the first week of April with a three-day bus tour through Central and East Texas.

In Big Spring, Briscoe strongly condemned the leadership of state government for failing to pass an ethics law "with teeth in it."

"The fact that we don't have a strong ethics bill is a disgrace," Briscoe said.

Briscoe also stated in Big Spring that he is opposed to an increase in the state gasoline tax.

In Lubbock, Briscoe reiterated his stand favoring the selection of students to serve one-year terms on the board of regents of state supported schools. Commenting on the need for more physicians, especially in ruraul areas, Briscoe said "I strongly support and will work for an expansion of the medical schools in Texas, especially at Texas Tech."

From Lubbock, Briscoe traveled to El Paso where he made a walking tour of that city and campaigned largely in Spanish, a language Briscoe learned as a child in South Texas.

Briscoe blasted the governor and the lieutenant governor for the necessity of having a special session to pass a highway beautification act and a primary financing law.

"If they had taken care of this business when they should have, back during the regular session," Briscoe said, "this special session would not have been necessary."

From El Pase, Briscoe headed to Fort Worth, where he again campaigned for a meaningful ethics law for Texas. Briscoe said the kind of ethics law he wanted would "prohibit officials from accepting any gift, favor or anything of value that would reasonably tend to influence them in the discharge of their duties." He added emphatically: "This would include bank loans to buy stock."

Briscoe also restated his position favoring the limitation of the speaker of the house to a single two-year term. "That office, as well as the lieutenant governors," he said, "have built up power bases which make them empires. We need to take those offices out of the hands of the power hungry and give them back to the people."

Lions Meet Pattersons

Mrs. Charles Patterson, accompanied by her husband who is a candidate for the Democratic nomination for Representative, District 36, was guest speaker at the Cameron Noon Lions Club Monday.

Mrs. Patterson, speaking for her husband's candidacy, pointed out that Patterson was a member of the original 'Dirty 30' and had testified at the Gus Mutscher trial in Abilene last month. She said he would return to Austin "not just as a Representative, but as servant of the people he represents."

Last Minute Tax Filers Make Errors

Last-minute income tax filers should double check their returns, since those filed just before the deadline are much more likely to contain errors, A. P. Andrews, Internal Revenue Service Administrative Officer for Temple said today.

Missing information accounts for many of the errors. This type of error could be a return received without a required signature, Social Security number, or W-2 statement.

Taxpayers who use the tax form they received in the mail can avoid Social Security number problems. These forms have pre-addressed labels that show the taxpayer's name, Social Security number and address just as they appear in IRS files.

Let's put government into hands we can depend on

When scandal rocks our state government, as it has for more than a year, it is time for Texans to take the reins of government and place them once again into the hands of an honest, capable man. This is a time when Texans need a man to believe in. A man like Dolph Briscoe. His successful experience in business and agriculture, his work in government to provide farm-to-market roads and to eliminate the screwworm have proven him a man Texans can depend on when solutions are needed. His unquestioned reputation for honesty and integrity stand him head-and-shoulders above his opponents. Never has Texas been offered such unacceptable candidates for the office of govenor. And never has Texas so urgently needed a man like Dolph Briscoe.
May 6, elect Dolph Briscoe governor.

Obituaries

Stutts

Mrs. Ella Joyce Stutts, 48, of Rockdale died Thursday in a Rockdale nursing home after a long illness.

Funeral was at 4 p.m. Friday at Phillips and Luckey Funeral Home, the Rev. David Mindel officiating. Burial was in Forest Grove Cemetery near Rockdale.

Mrs. Stutts was born in Rockdale and lived here most of her life. She was married to Ray Stutts August 5, 1945. He died in 1971. She was a member of the First Christian Church.

Surviving are a son, Alan Stutts, a daughter, Miss Miranda Stutts, a sister, Mrs. Milford Henry and her parents, Mr. and Mrs. Roy T. Spence, all of Rockdale.

Wanoreck

Hermina B. Wanoreck died Friday morning, March 31 at a local nursing home, after a long illness.

She had come from Rockdale to Cameron in 1950 to make her home with her daughter, Lydia Schigut.

Due to a fall and lengthy illness she had been a patient in the nursing home for the past two years.

She was buried in the Bushdale Cemetery at 3 p.m. Saturday, April 1, Rev. Paul McCallum officiating.

Liedig

Ralph M. Liedig, 55, of Fort Worth died at 1 a.m. Tuesday in Fort Worth. He was born November 19, 1916 in Chambersburg, Penn. and had lived in Fort Worth for the past 22 years.

He was a veteran of World War II and was an assembler for Bell Aircraft.

Funeral was held at 2 p.m. Thursday at Marek-Burns-Laywell Funeral Home, the Rev. C. E. Wierth officiating. Burial was in Oak Hill Cemetery.

Surviving are his wife, Mrs. Lillie (Reimer) Ledig of Fort Worth and formerly of Cameron; one son, Craig Liedig of Fort Worth; his father, George Liedig of Chambersburg, Penn.; a brother, Robert Liedig of California; two sisters, Mrs. Paul Rummel of Chambersburg and Mrs. Glenn Creager of St. Thomas, Penn.

Pallbearers were Willie Randemann, Tony Peronne, Dr. L. L. Nigliazzo, Vernon Reimer, Roy Reynolds, and Ted Matula.

Hubert

Frank Hubert, 75, of Minerva died Wednesday in a Temple hospital.

Funeral was held at 2 p.m. Friday at Phillips and Luckey Funeral Home, the Rev. Dean Evans officiating. Burial was in Minerva.

Mr. Hubert was a native and lifelong resident of Minerva. He was an oilfield worker and an Army veteran of World War II.

Surviving are three sons, Raymond Hubert of Minerva, Hauling Hubert of Houston and Ralph Hubert of Waco; a daughter, Mrs. Hester M. Richardson of Houston; five grandchildren and two great grandchildren.

MOURNING CUSTOM

Widows of New Guinea's Asmat tribesmen roll in the mud to mourn their husbands, National Geographic says. The ritual is intended not only to display anguish but also to mask the women's scent from his ghost.

Buckholts

Frank Kohut died Tuesday evening of last week at his home of a heart attack. His daughter and family, the Henry Rubachs of Houston were here for the funeral and stayed over with Mrs. Kohut until after Easter.

Early Webb died Wednesday evening at his home. Funeral services were held Monday morning at the Lutheran church for him with burial in the Rogers Cemetery.

There will be a singing at the Buckholts Baptist Church Sunday afternoon April 9 from 2 to 4 p.m.

Visiting in the O. W. Whittington home on Saturday were Mr. and Mrs. Ray Garrett of Bartlett. On Sunday afternoon were Mr. and Mrs. Don Page and Pamala of Wichita Falls, Kansas.

Mrs. Myrtle Hill of Temple visited with Mrs. Evelyn Loftin on Sunday

Visiting in the home of Mrs. Millie Krall over the Easter holidays were her children and grandchildren, the Gleen Kralls and Lisa of Robstown, the Ed Martins of Austin, the J. Z. Krall family of Cameron, Mrs. Olga Weatherford of Houston and the Rudolph Krall family of Buckholts.

Guests of the Jack Walzel family over the weekend were her parents, Mr. and Mrs. Pope of Uvalde. Other guests on Sunday were Mr. and Mrs. R. B. Eickenhorst. Earl Allison, Jo Loftin, Mrs. Travis Hill and children and the Bud Johnsons and Imogene.

MORE SCREWWORMS

Screwworm cases continue to mount in Texas. A total of 66 cases have been confirmed through March 27. Screwworms have reached as far north as Medina County and livestock producers to the north should be on the lookout and should check animals closely, especially those with wounds, cautions Dr. James Novy, veterinarian in charge of field operations for the Mission Screwworm Center. All worm samples should be sent to the Screwworm Lab, Box 969, Mission, Texas 78572

Market Report

There were 610 cattle and calves consigned to the Cameron Livestock Auction Thursday, compared to 515 last week and 1458 last year.

Slaughter cows were weak to 50 lower, slaughter bulls strong to 50 higher in short supply. Few slaughter calves and yearlings steady to 50 lower.

Feeder steers 50 lower, steer calves steady to 50 lower. Feeder heifers steady to 50 lower, heifer calves steady. Stock cows steady, cow and calf pairs steady in short supply.

Demand was good with strongest outlet on steer and heifer calves. Run included around 4 percent slaughter cows, one percent bulls and calves, remainder mostly feeder cattle and calves.

Some prices paid were:

Slaughter cows, utility and commercial 23 to 26.50. Slaughter bulls, good 30.25 to 33.50. Slaughter calves good 33.50 to 34.25.

Feeder steers choice 58 to 65. Feeder heifers choice 42 to 45.50. Stock cows choice and good 25.25 to 29. Cow and calf pairs choice 300 to 473.

Hog receipts totaled 722 with barrows and gilts fully steady, sows steady to strong. US 1-2 brought 24 to 24.50. Sows US 1-3 brought 20.50 to 23.50.

Seniors To Receive TCC Slide Rules

The Texas Chemical Council during coming weeks will award slide rules to graduating seniors from 147 Texas high schools for excellence in chemistry, science, and math.

Area students receiving rules include Mary Ann Holliman of Rockdale, and Lawrence P. Zotz of Cameron.

One wall of rough-sawn western pine or cedar boards in a child's bedroom serves as a bulletin board to match the showiest of pinup fads.

MASCOT - Zana Kubiak is holding Kelly Dan Kubiak, the newest member of the House of Representatives mascot group. Rep. Carl Parker sponsored House Simple Resolution 77 which made Kelly Dan an official mascot during the special session on Wednesday, March 30. Children of members of the legislature may become mascots when a resolution is passed by the legislature. Kelly Dan is six months old and is the son of State Rep. and Mrs. Dan Kubiak of Rockdale.

MILAM AREA PARADE OF SPORTS

M. F. THURMOND, Coach

CONE, Center — TYSON, Guard — NABOURS, Forward

EPPERSON, Guard — BARGE, Sub. Forward

WILEY, Forward — TRACY, Sub. Guard

The basket ball team this year was composed of the following boys: Tyson, (Captain) Guard; Cone, Center; Wiley, Forward; Nabours, Forward; Epperson, Guard; Barge, Sub. Forward and Tracy, Guard.

Three games were played. The first game was here with Ben Arnold. Cameron easily won by a big score. The next game was at Thorndale. We need only to say that Thorndale got the game. But even under such difficulties Cameron lost by a very small margin. The boys say they will tell you about that game. The last game was at Ben Arnold. No excuses can be given for the loss of this game, except the absence of Tyson. Ben Arnold won by good, hard, clean playing. One game was played with the town team. High School won by a good, safe score.

MENTAL HEALTH MATTERS

Bertram S. Brown, M.D., *Director*
National Institute of Mental Health

Nursing Homes V: Something To Do

Some degree of activity is an anchor to life for every individual. This is particularly true for residents of nursing homes if their mental health is to be maintained.

Providing activity for them is not as impossible or difficult as it might be thought. Here are illustrations of some of the things that can be done which make the point.

Residents can be encouraged to water the house plants, grow bulbs indoors, do a litle gardening, help tend an aquarium or birds.

Even for the bedfast, many simple arts and crafts are feasible. Some elderly residents, who balk at learning a new kind of handcraft, may enjoy the knitting, crocheting, or needlework with which they are familiar.

Simple chores may be carried out by residents who wish to participate in such household tasks as sewing a bit, emptying ashtrays and wastebaskets, arranging flowers, or straightening up newspapers and magazines.

Widened interests and mental stimulation can come from reading; and staff of homes as well as families, friends, and volunteers should do everything possible to encourage it.

Group recreation such as games is good, but residents should not be forced into it. Some residents get great satisfaction from participating as nearby onlookers.

Volunteers and other visitors come like fresh air to residents in a nursing home—and older people especially appreciate the attention given them by these friendly people. There are never too many volunteers and anyone able and willing in almost any community in the land will likely find that he or she will be welcomed by nursing homes or volunteer groups serving them.

The thing to remember is that having something to do means a great deal to nursing home residents' mental health —and anyone engaged in helping to provide activities for them is making a real contribution to his community as well as to the individuals he aids.

Other guests were Mrs. Rose Taylor and daughter, Donna of Bridgeport,

Publication Features Local Group

Activities of the Milam County Farm Bureau Women County Farm Bureau Women's Committee were featured in the April "Texas Agriculture" published by the Texas Farm Bureau.

Members of the committee are Mrs. Edwin Lehmann, chairman, Mrs. Calvin Cobb, Mrs. Dan McDaniel, Mrs. Carl Grothe, Mrs. Leroy Wuensche, Mrs. Leonard Cobb, Miss Chrsi Leonard Cobb, Miss Christine Laws and Mrs. Wavy Charles.

The committee recently staged a "Buttons and Bows" all-cotton fashion show for a standing room only crowd at Methodist Fellowship Hall.

Other projects to their credit have been window displays at the local Farm Bureau office to promote Farm Bureau and local crops; selection of high schoo students to attend TFB Citizenship Seminar; promotion and publicity for Texas Food and Fiber Week and refreshments for Cotton and Grain Information programs scheduled around the county.

The Women's Committee will be in charge of an open house for the new Milam County Farm Bureau office in Cameron and will also help with landscaping of the building.

Doors Of Yoe

By Marilyn Hauk

Often while travelin people gaze out the windows to view the sites. But occasionally the best sites are seen while cars are passing you. Speak to Laura Bowman, Margaret Zajicek, or Melissa Lester what things are seen through open windows.

Perhaps our librarian, Mrs. McDermot, thinks something funny is going on. After Tom Pitts pleaded to check out one of the reserve books he picked it up only to watch a girl's picture topple to the floor.

Tuesday a new face arrived to Yoe High School. We would like to welcome Coach Caulie to Yoe High and to Cameron.

Congratulations to the Junior High Track team. They came in first place at the District Meet in Cameron Thursday.

Yoe Edges Over RR

By Marilyn Hauk

The Cameron Yoemen edged over the Round Rock Dragons 7-6 Tuesday night in a district baseball game.

John Barron was winning pitcher. Pitching for Round Rock were "Baby face" Rhinehart and Arthur Sanders.

The Yoemen had five hits and made it to first base on seven errors. The Dragons had nine hits.

Mike Trdy and Pat Scheguit each made two scores for the Yoemen. Also scoring were John Barron, George Whiteside, and Gary Thweatt.

The Yoemen are undefeated in district action.

Exhibition Volleyball Game Set

There will be a girls seventh and eighth grade exhibition volleyball game at Cameron Junior High School Gym Tuesday, April 11, at 7:00 p.m. Admission will be 50¢ for adults and 25¢ for students. The girls will be participating in the spring Interscholastic Meet at Belton on April 21.

Seventh grade players are Diana Chubb, Becky McDaniel, Joni Wilkerson, Leslie Claypool, Pam Keith, Renee Krenek, Tina Posival, Elaine Trdy, Molly Story, Debra Fleming, Ella Mae Brown, Janet Angell, and Marta Hollister.

Eighth grade players are Rose Anderson, Genoveia Soriana, Lynn Laywell, Jan Burke, Jeannie Shuffield, Cynthia Kretschmar, Mary Hanel, Priscilla Stinnett, Stella Tena, Rebecca Riola, Debbie Ingram, Claudette Sanders, and Pam Watkins. Mrs. Linda Morgan is coach of the teams.

Yoe Presents One-Act Play

Friday night, April 14, the Yoe High Drama Department and the National Honor Society will cooperate in presenting "The Outcasts of Poker Flat," and other one act plays.

The production placed in district UIL competition and the evening promises to be a good one

The first presentation will begin at 7:30 p.m. Advance tickets are 50 cents for students and 75 cents for adults, and may be purchased from National Honor Society members. Prices at the door will be 75 cents for students and $1 for adults.

Sharp—Tracy- Fr'ship

By Mrs. Leroy Guilotte

Thirty-five enjoyed the annual Easter egg hunt at the Friendship Methodist Church Saturday.

Mrs. Rogert Campbell of Navasota brought her little sons Alan and David to the Easter egg hunt. Mrs. Edith Norton and Christi of El Campo were there for the hunt.

Mrs. Minnie Lee Collier visited with Mrs. Bennie Dixon and also drove to Rogers with Mrs. Rome Shelton and Mrs. W. H. Walker to see Mrs. Felix Brown. Then Mrs. Collier, who was keeping an appointment at Scott and White Hospital in Temple fell and broke a leg in the hospital. She will be in the hospital for several weeks.

Guests of Mr. and Mrs. Hiram Walker were Mr. and Mrs. Kenneth Connor, Mrs. Vera Hodge and Ben Hodge.

Mr. and Mrs. Don Pruitt spent several days in Houston.

Mr. and Mrs. Ross McQuary enjoyed having their granddaughter, Miss Nancy Wydell spend the weekend with them.

Mr. and Mrs. Garnet Breeding of Waco were guests of Mr. and Mrs. Ure Satterwhite.

Charles Gallar and mother of Houston spent the weekend with Miss Agnes Rinn. Mr. and Mrs. Lewis Rinn of Rockdale spent Sunday afternoon with them.

Mr. and Mrs. Howard Coffman and Cheryl Beard are spending a few days in Frisco with Mr. and Mrs. C. F. Annis and family.

Mr. and Mrs. Jerry Harburg and Norris spent the holidays in Memphis, Tenn. Visiting with Jane. They all went to the Grand Ole Opera Saturday night.

Sunday dinner guests of Mr. and Mrs. Lonnis Petty were Mr. and Mrs. Earl Tate and daughter, Verna of Victoria and Mr. and Mrs. Lewis Rinn of Rockdale.

Mrs. Blanche Mitchum has returned home from Arizona.

Mr. and Mrs. Carl Mitchum and Mrs. Marie Moore of Freeport visited Mrs. Jim Cryer.

A milk truck overturned in Sharp Friday. The driver escaped injurey,

Lands Lie Idle

In the national forests are 4.8 million acres of understocked or burned-over lands with high timber-growing potential. The U.S. Forest Service states it has money allocated to reforest 131,480 acres—less than four percent of the total—in 1972-73.

Buckholts News

Mrs. Jewel Collier of Waco spent the Easter holidays with her sister, Mrs. Dealie Arnold.

Mr. and Mrs. Don Glaser and daughter of Dallas spent the weekend with their parents, the Leon Bradys and the Arnold Glasers. While here they visited other relatives.

Mr. and Mrs. Steve Burtis visited Sunday in the home of her sister, Mr. and Mrs. Westland of Fort Worth.

Visiting in the home of the W. H. Gilberts during the holidays were the Joe C. James family of Freeport, the Ivy Gilbert family of Cameron and a granddaughter, Claudia, and her family.

The Tommy Lanes and Kimberly of Temple spent Sunday visiting in the Frank Garey home.

Mrs. Charleine Weido and her two sons from Atlanta, Ga. were here visiting her parents, Mr. and Mrs. Charles Kulacek during the Easter holidays.

Visiting in the Mike Shain home were her parents, the Alfred Jobe family from Adrian, Texas and an uncle and family, the Dwight Jobes of Fort Hood.

Mr. and Mrs. Charlie Hundle had all of their children home for the Easter holidays.

Guests in the R. L. Lock home over the holidays were Mr. and Mrs. Leonard Warren and children of Houston.

The Louis Krenek family of Temple visited her father, Jesse Weber, and Larry on Sunday. They also visited other relatives while here.

Visiting in the home of Mrs. Henry Hailes during the holidays were the Jack Hailes family of Corpus Christi, Joe Hailes and daughter, Pearl Ann and Mrs. Thelma Reed of Manhatten, Kansas and Mr. and Mrs. Cravy (Red) Lewis of Austin.

To Save on Fuel

Architects are showing increasing concern for designing in ways to conserve fuel and electric power. This objective favors wood, because it's a better insulator by many times than any other structural material.

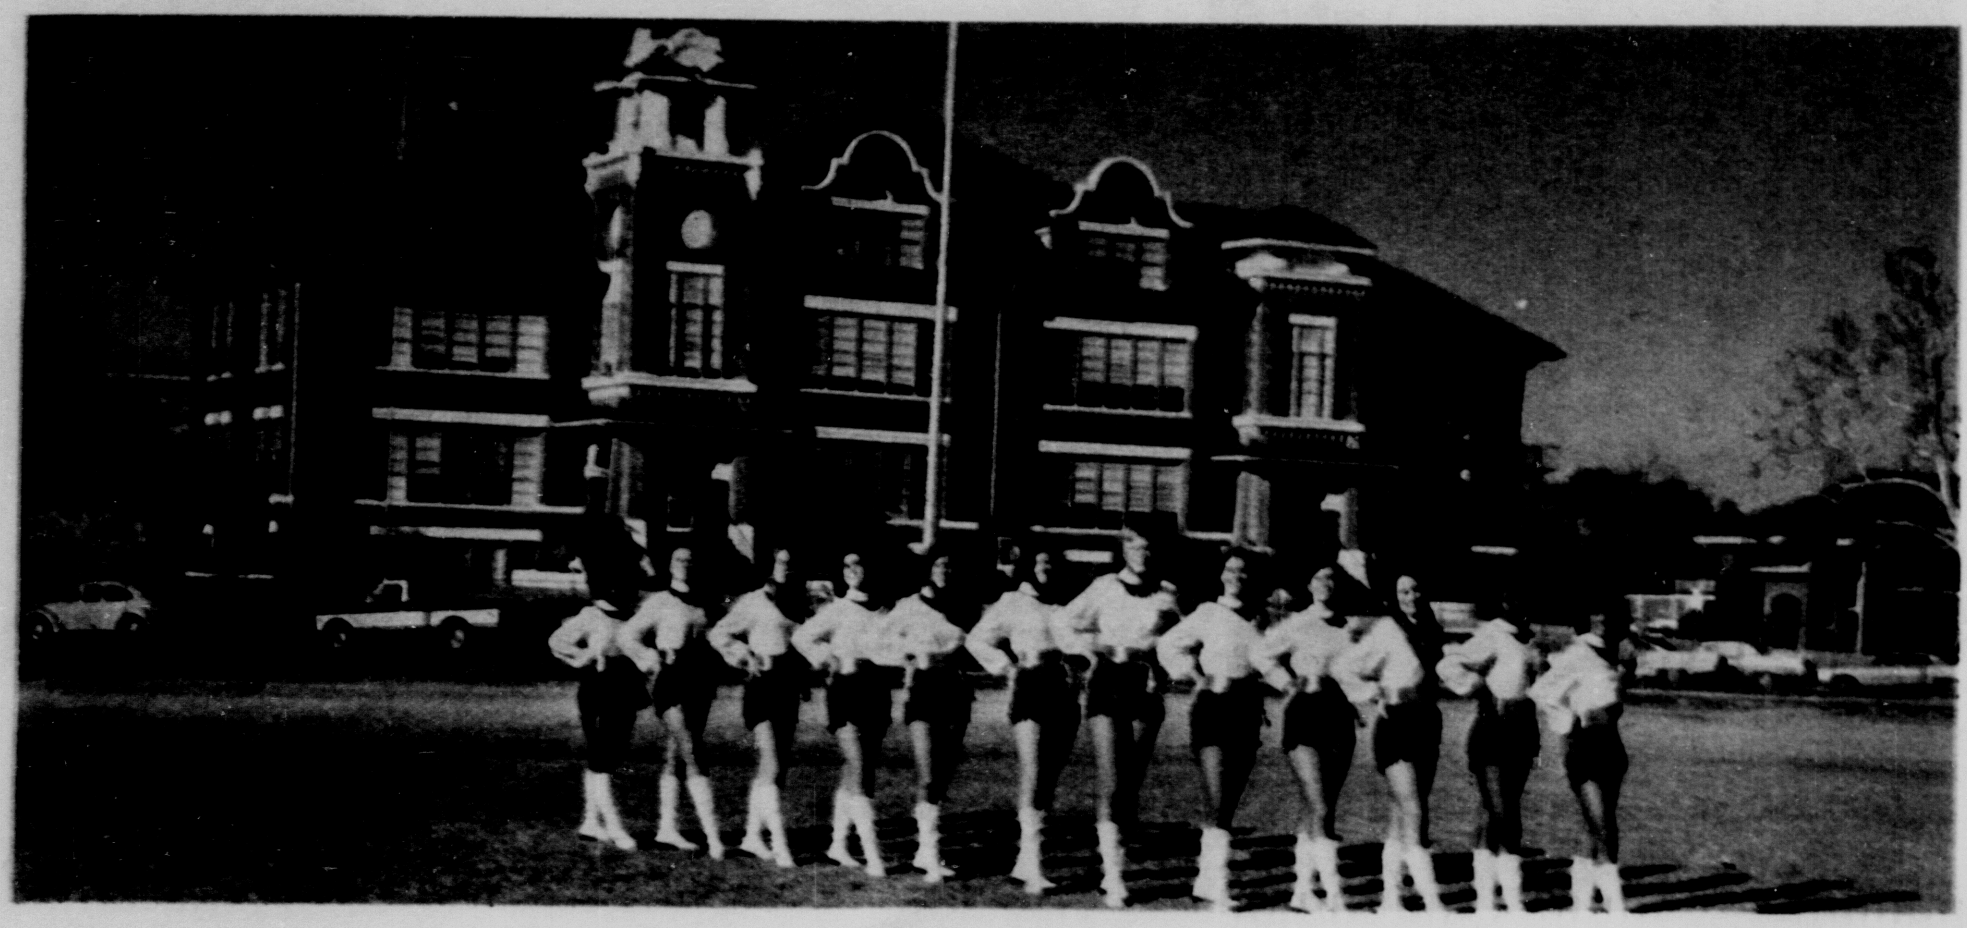
BLINN COLLEGE

Opportunities For

Scholarship, Involvement, Leadership



Applications Accepted For New Drill Squad

When one thinks of the pretty coeds on the Blinn campus, certainly some of them will be members of the new precision drill team, the Buccaneer Treasures.

The Treasures were organized for the first time during the fall of 1971 to add color to football games and parades. Next fall plans are being made for football performances in Tyler, Kilgore, Houston and Dallas. The group will also make appearances at the Houston Livestock Show and Rodeo, the Fort Bend County Shrine game, Dallas Cowboy football games, as well as all Blinn home games.

Next fall the team plans to enlarge itself to 36 members. The new blue, white, and gold reversible uniforms are provided by the college along with the expenses on trips.

Members of the team are selected on the basis of talent, poise, and showmanship with special emphasis on perfection of performance and high kicks. Rehearsals are held during the school day with a semester hour credit given each term.

Mrs. Sue Boehnke, director of the Treasures, said, "Besides dancing and marching, the young ladies are also trained in basic skin care and make-up, hair styling, modeling, dress, poise, and etiquette. Each girl must maintain high moral standards as well as at least a 'C' grade average."

To be a Treasure, a young lady must be between five and six feet tall, have weight in proportion to her height, and have a natural rhythm. Shoulder length or longer hair is preferred. Previous drill team, dancing, or twirling experience is not necessary although it is beneficial.

A try-out camp for one or two weeks will be held on campus in August. Prospective members who are interested should write Mrs. Boehnke at Blinn College and include her address, telephone number, qualifications, and experience. Detailed try-out information will be sent to area newspapers in August.

BILL FINK OF HOUSTON gives his share of the blood during the annual Phi Theta Kappa blood on campus. The blood mobile mobile makes its way to Blinn's campus only once a year to get blood donations.

Ten Clubs Available For Religious Needs

Ten religious clubs on campus sponsor special programs, speakers, films, and social events including picnics and conventions on the Blinn campus.

All of the religious clubs are opened to students of other faiths. The organizations include members of the following churches: Baptist, Episcopal, Assembly of God, Church of Christ, Missouri Synod Lutheran, Evangelical Lutheran, Methodist, Catholic, and United Church of Christ.

The campus Fellowship is a club having students of every denomination.

THE BUCCANEER BAND plays at football games, concerts, parades, and various other performances. The band is expected to have 130 members. Tuition scholarships are available to members.

Honor Group Selected Most Active In Nation

The Beta Alpha Chapter of Phi Theta Kappa, the national junior college scholastic fraternity, holds the title of the most active chapter in the nation.

In fact, the Blinn chapter has won this award for three consecutive years. During 1971, the chapter won four of five awards offered at last year's convention in Mississippi.

Membership in the fraternity is limited to those students who maintain a 3.45 grade point ratio on their scholastic work. At the present time, there are 82 members in the Blinn chapter.

Every year, Beta Alpha, along with 438 other chapters throughout the nation, receives a central theme to base its activities and studies. Last year the topic was ecology while this year government is the central theme. National competition is based on the most effective use of this theme on campus as well as in the community.

The national convention for 1972 will be held in April at Rochester, Minnesota, and 45 members from Beta Alpha will attend.

Speech Events Allow Students To Perform

Extra-curricular activities abound on campus for students interested in forensics activities.

Forensic activities include participation in competitive debate, speech events, and drama with other junior as well as senior colleges.

Each year students enter the Texas Junior College State Speech and Drama Festival, Baylor University Debate Meet, as well as other junior and senior college tournaments.

Each year interested students may participate in try-outs for the campus theatrical productions. During the fall and spring, of the current school year, Noel Coward's "Blithe Spirit" and a one-act play festival were presented.

Through involvement and participation in these activities students may become eligible for membership in Phi Rho Pi, the national honorary speech fraternity, and Delta Psi Omega, the fraternity for dramatics.

"BLITHE SPIRIT" was presented by by the Blinn College Players. The cast and their hometowns are: (left to right) Sandra Porter, Schulenburg; Je Gerson, Bellville; Vicki Pavelka, Brenham; Patti Hodges, Smithville; Christy Jerichow, Marlin; Ricky Burch, Hempstead; and Rozanne Murski, Brenham.

Buccaneer Band And Chorus Lends Musical Flair At Many Occasions

Students with a flare for music can find extra-curricular outlets in the Blinn band and chorus.

The Buccaneer Band performs at football games, concerts, and parades. The band is to consist of approximately 130 students in the Fall of 1972. The band will be divided into two 65 member symphonic groups after this fall's football season.

Dr. Ned Contine, band director, said that a series of student concerts at noon and two formal concerts are scheduled during the spring. Tentative plans for the 1972 football season include trips to the Shrine game in Wharton, Dallas, Kilgore, Tyler and the Astrodome.

Instruments are available for all band students without cost. Tuition scholarships and additional financial aid is available also.

Besides the Buccaneer Band, two stage bands featuring pop, rock, and jazz music, play frequently for campus and community activities.

There are two requirements for members in the Blinn College Choir, a member has to possess the desire to sing and willingness to participate.

The Freedom Singers is a select group of auditioned singers. The members of this specialty singing group have more than average talent.

Both the choir and Freedom Singers make various tours to area high schools and civic groups as well as perform on KBTX-TV in Bryan.

Currently there are 49 members in the Blinn College Choir.

Registration Starts May 29 For Summer

By CAROLYN BOENKER

Registration for the first semester of summer school will be on May 29, with classes starting on May 30.

Second semester registration for summer school registration begins on July 10.Classes for the second semester begin on July 11.

Since there is such a short period of time between the end of high school and the beginning of college summer school, all prospective students may not receive a letter of acceptance.

If a letter of acceptance is not received, students should see Mr. William R. Perry, registrar, in his office and arrangements will be made for acceptance and registration at the same time.

All students are required to take an entrance examination, either the American College Test (ACT) or the (SAT) Scholastic Aptitude Test which are both accepted by Blinn College.

Upon completion of high school, a graduate should request his transcript be sent to the college. This transcript should show his date of graduation and in which quarter of his class he graduated.

All forms needed for entrance are found inside the back cover of the 1972-1973 Blinn College catalogue. Upon receipt of the catalogue, the student should complete the application form and return it to the registrar's office.

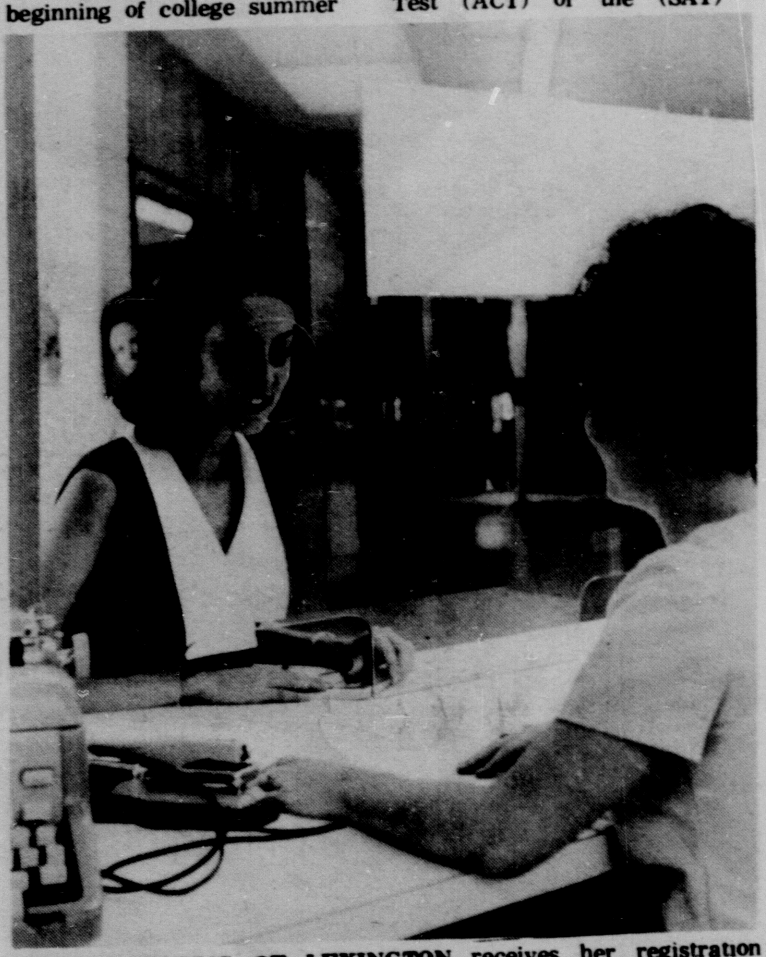
When the completed application form and a high school transcript (or college transcript if the student is transferring from another college) are received, a letter of acceptance will be mailed.

Mr. Perry, Registrar, states that all colleges will request a certificate of immunization showing that a student has had the oral polio series and the diphtheria-tetanus series within the last ten years.

Students are admitted without regard to race, color, or national origin.

An optional pre-registration period for the fall semester classes will be held July 11, to August 18, from 9 a. m. to 3 p. m. and August 21, to August 30, from 1 p. m. to 4 p. m. Regular registration will be held August 30, through September 1.

Classes will begin September 4. The last day a student may register for the fall semester is September 16. Students are encouraged to register before the last date for classes will have been in progress two weeks.



LYNN HORNUNG OF LEXINGTON receives her registration material from Mrs. Janice Gaskamp, secretary to the registrar. Miss Hornung was one of the 1,717 students who registered for the fall semester.

ON THE COVER

The front cover depicts the mood of spring in the front of the Blinn College Classroom Building. Seated under the tree is Miss Annette Thaler of Brenham while standing is Mr. Joe Poindexter of Houston.

The back cover depicts some of the many activities on campus during the year including the first baseball game on the new Leroy Dreyer Field, a women's physical education class swimming in the Brenham City Pool, the drill team on campus, the Buccaneer Treasurers, and the students on the way to the various academic classes.

"Spotlighting Blinn College" was compiled and written by the Public Information Office and Journalism Department at Blinn College. Photographers for the supplement are Blinn students Thomas Guenther, Bernard Orsak and Bob Stone.

Campus Dorms Provide Collegiate Atmosphere

Dormitory living can provide a big center of activity for the many students who desire to live on campus.

Blinn currently has the largest dormitory complex of any junior college in Texas. Approximately one-third of the student body reside on campus.

Presently there are twelve air-conditioned dormitories--four for women and eight for men. Also under construction is an additional men's dorm to house one hundred and four students as well as an additional dorm to house eighty-eight females.

Besides participating in the activities held on campus, dorm students elect their own slate of officers for each dorm.

Applications for college housing are now being accepted by Mr. Earl Grubbs, director of housing.

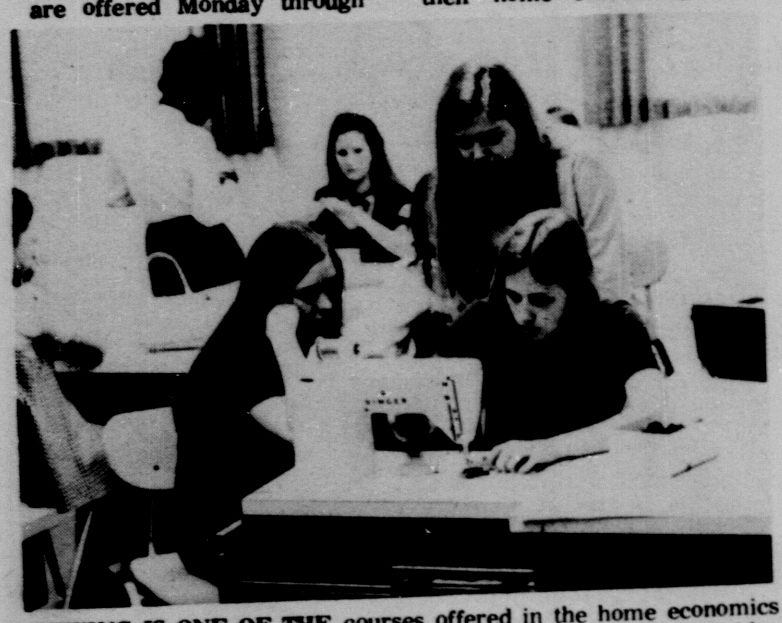
EVERY YEAR AT HOMECOMING, a dorm decoration contest is sponsored by the Circle K. The decorations are judged by a committee chosen by Circle K sponsors. The winners in the women's division received an hour glass and the winners in the men's division were given a plaque. The decorations were judged on slogan, originality, and artistic merit. Helman Hall is one of the four women's dorms presently on campus.

College Offers Classes In Bryan And Bus Transportation System

Two special services are offered to students in the surrounding areas -- a Bryan branch at Allen Academy and low cost bus transportation to the main campus in Brenham.

Courses at the Bryan Branch are offered Monday through Friday evening. Subjects taught are based on student demands.

The college also operates seventeen bus routes for students who wish to live in their home community and receive their first two years of college at a considerable saving.



SEWING IS ONE OF THE courses offered in the home economics department. The students are from left to right: Michelle McBride, Brenham; Bonnie Koether, La Grange; Linda Burt, Brenham; Deborah Anderson, Austin; and Keba Shipes, Houston.

Academic Programs Available To Meet Each Individual's Needs

The Blinn campus has a wide curriculum of instruction to meet the needs of the over 1,700 students who attend classes.

Roughly, the student body is composed of representatives from 14 foreign countries, 17 states, and 84 counties in Texas. Most of the students are from Washington and surrounding counties.

All of the courses offered are fully accredited and transferable to the various senior colleges since Blinn is a member of the Southern Association of Colleges and Schools.

Two programs, a one or two-year and a four-year, are available to a high school graduate at Blinn.

When a student enrolls, he selects a major field of study along with the senior college of his choice. A schedule is then determined on the basis of his senior college selection. By doing this, the student will have no difficulty in receiving his Associate of Arts degree from Blinn in two years and his bachelor's degree in two additional years.

Mr . Henry J. Boehm, academic dean, said, "In transferring, students generally make the same grades at senior colleges as they did at Blinn. Some students have maintained a straight "A" record at universities after their graduation from Blinn. Presently nine Blinn graduates are attending veterinary school at Texas A&M, and six students are enrolled in medical school."

For a student who is not interested in pursuing a four year college program, Blinn has one or two-year programs in accounting, general business, secretarial work, agriculture, homemaking, shop, nursing, computer science, and industrial arts. Most of the one or two-year programs have the advantage of allowing the semester hours to transfer to a senior college should the student desire to attend a senior college at some later date.

To complement the classroom situation, Blinn has the advantages of allowing most of the students to live near their homes, small classes, a comparatively low cost education, individualized assistance from instructors, and the opportunity for immediate leadership in extra-curricular events.

By Exploring Professions

Career Clubs Give Insight

Ten active professional clubs are on the Blinn campus ranging from the field of business to physical education.

The Phi Beta Lambda, for business oriented students enrolled in a business course, is one of the most active organizations on campus. The club offers opportunities for travel to annual state and national conferences and leadership workshops, visits to other chapters and to business and industrial enterprises, and close contact with the successful businessmen and women of the nation.

RECEIVING THE FOOD at the Phi Beta Lambda Christmas party is Mr. Winston Dahse, business instructor, Serving the food (left to right) is Mr. John Dixon, business instructor, and Linda Harbart and Carla Harbart of Brenham. Phi Beta Lambda is the professional business club on campus, which has received the most active chapter in Texas Award for five consecutive years.

The local chapter of the Future Business Leaders of America has received the "Most Active Chapter Award" in Texas for five consecutive years, "Most New Chapters Installed" seven out of the last nine years, the national "Gold Seal" award for the last three years, and the national secretary.

The purpose of the Fauna and Flora Club, consisting of students interested in natural science, is to enjoy what they learn about nature. Their activities include an overnight camp-out and an overnight fishing trip on the Brazos River.

The Ag Club is not only a member of the state organization of the Junior College Agriculture Association, but also organized the first state organization on April 7, 1956. The main purpose of the organization is to promote leadership and fellowship among those students of agriculture.

The activities of the Ag Club include field trips, county fairs, sponsoring dances, state conventions, and monthly meetings with agriculture films and speakers.

The most recently organized professional organization is the Social Science Club. The purpose of the club is to stimulate interest in social science and to develop an interest in the social aspects of the community and country.

The Texas Student Education Association is for students who plan to enter the teaching profession. The club takes part in most school sponsored activities, attends conventions, sponsors a tea for the faculty, and has interesting programs at their monthly meetings.

Mrs. Delores Howell, Echo Club sponsor, said, "Echo is basically to promote friendship and understanding of the profession of Home Economics and encourage personal involvement."

The Blinn Players is an organization primarily interested in performing drama productions on campus and at contests.

Mu Alpha Theta, the junior college mathematics fraternity, is an organization for those students interested in the mathematics field.

Spring time is rodeo time for the members of the Rodeo Club at Blinn College. The club has activities throughout the year, but spring is the time the club members compete in college rodeos all over the state.

The PEP Club is a club for men and women who are majors and minors in Physical Education. Their activities include state and national conventions, tournaments for regional and area athletic events, camping trips, and supporting school functions by painting posters.

A SOCCER GAME between foreign and dormitory students was one of the events sponsored by the International Student Association. The International Student Association also visits area civic clubs in order to explain to Americans the customs and traditions of their native lands.

Opportunities Available In Campus Publications

Students with creative talent would enjoy working on the college yearbook, "The Buccaneer," or the college newspaper, "The Log."

The staffs for the college publications are composed of student volunteers as well as those who enroll for journalism or publication course credit. Previous high school experience in working on a newspaper or yearbook is preferred although it is not necessary.

CAROLYN BOENKER, (right) of Brenham, editor of the college newspaper, "The Log," receives a plaque from Dr. David Bowers, professor of journalism at Texas A&M University, and director of the Texas Junior College Press Association. "The Log" was selected as the best junior college newspaper in Texas for colleges under 2,000 full-time students.

"The Buccaneer" is a 300 page collegiate style yearbook which yearly features four colored pictures. The yearbook has yearly received certificates of merit from the Hennington Publishing Company as well as awards from the Texas Junior College Press Association.

Vacancies also exist for students to work on the campus newspaper, "The Log." During 1971, the newspaper was selected as the best Texas Junior College newspaper with an enrollment under 2,000 by the Texas Junior College Press Association. The paper has also received "First Class" ratings by the Associated Collegiate Press along with individual staff writing awards.

Currently, John Hoyt, a Blinn student from San Augustine is serving as president of the Texas Junior College Press Association.

Besides staff activities in newspaper and yearbook production, each year the combined staffs sponsor a high school publication's workshop for area high school journalism students.

Foreigners Form International Club

To give an avenue into the social and cultural patterns of American colleges, the International Students Association has been formed on the Blinn campus.

Presently, students from thirteen foreign countries are involved with the club activities.

The group has presented approximately 10 programs to Brenham area organizations about their native countries. Members have also participated as judges in the Scout-o-rama, held car washes, made contributions to the Student Memorial Fund, and purchased new soccer uniforms for their team.

The group has sponsored a soccer game on campus and plans to hold a soccer game with the International Students of Texas A&M University in the future.

Club Organized For Veterans

One of the newer organizations on the Blinn campus is the Ex-Servicemen's Club.

All veterans of the United States Armed Forces are eligible to become members. During the fall semester, approximately fifty veterans were on campus.

The purpose of the organization is to provide social events as well as to aid the former servicemen with their adjustment from military to collegiate life.

The group, in cooperation with the College and the Veteran's Administration, have established a tutoring program for veterans

One Of Best In U.S. !

New Ball Field Receives Artificial Infield Turf

By JOHN HOYT, JR.

"Without a doubt, the Blinn baseball field is the best junior college baseball field in the state," said Head Coach Leroy Dreyer about the new Astroturf baseball field on campus. The new facility, located on the northwest end of campus, is considered by many coaches to be the best junior college field in the United States.

With the addition of Astroturf to the infield, the baseball field is attracting high school players from all over the state. Many state playoff games have already been scheduled for the new stadium which has been named Leroy Dreyer Field by the Blinn Board of Regents as a tribute to Head Coach and Athletic Director Dreyer.

Coach Dreyer said, "One of the big advantages of having this new field on campus is the fact that the students won't have to drive across town to see the baseball team play this season. Also the members of the baseball team won't have to wear themselves out going back and forth to practice. Now they can walk to the field from their dorms."

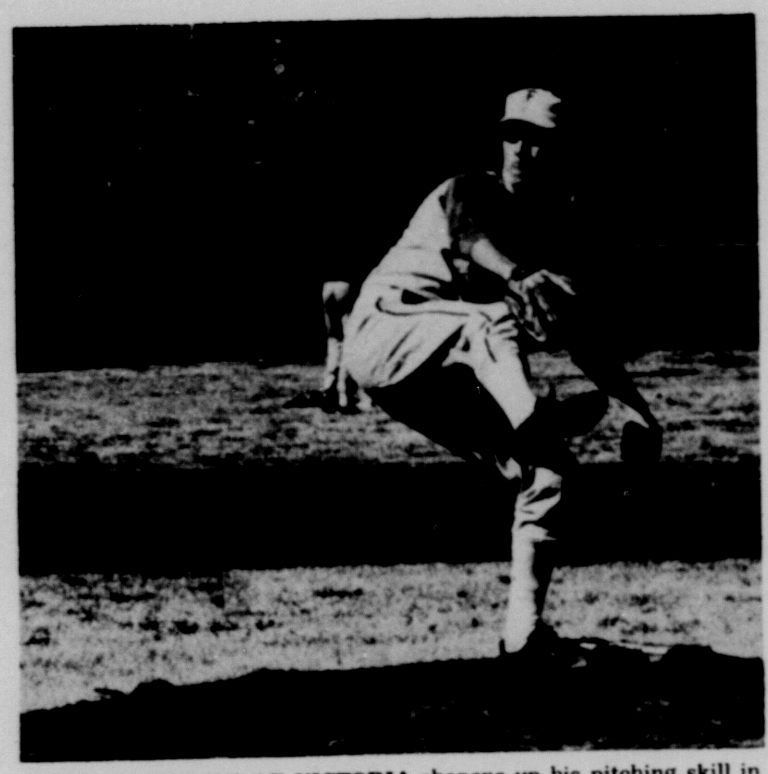
The new field has the dimensions of many major college fields. Deep center field is 375 feet; left center is 345 feet; and along the foul lines the distance is 320 feet. Coach Dreyer said, "With these distances it will take a pretty solid hit to knock one over the fence at any point."

The Astroturf is produced by the Monsanto company and is identical to that type of turf used on the floor of the Cotton Bowl in Dallas. Before the artificial substance could be put down, there had to be a concrete base covered with asphalt and a five-eighth inch sheet of foam placed on top of the asphalt for the astroturf to be attached.

The Montreal Expos, professional baseball team, holds their annual tryout camp in Brenham and will continue to do so because of the facilities Blinn College offers for their camp.

In the near future, according to Coach Dreyer, a new lighting system will be installed so Blinn will be able to play night games as well as day games on their new field.

The new field will also add greatly to the already fine baseball program Blinn already has. Coach Dreyer said, "I am hopeful that with this new field we will be able to recruit more and more capable baseball players so we can have one of the finest programs in the country.



MARK PAHMIYER OF VICTORIA shapens up his pitching skill in one of the Buccaneers early workouts. Mark is a 6 foot 170 pound freshman and this is his first season with the Buc baseball team.

DANNY RUSSELL OF HOUSTON makes a substantial gain for the Bucs against defensive back Randy Joseph in a game last season against the Sam Houston Junior Varsity Bearkats.

Blinn Sports Keyed For Every Student

Sports certainly can occupy a big part of a student's activities at Blinn College either as a spectator or participant.

Blinn offers intercollegiate competition in football, basketball, track, tennis, and golf. Besides intercollegiate competition, Blinn has a well-rounded intramural program and open facilities at night for students to do their own thing in the sports of their choice.

The intercollegiate sports program has been successful by receiving high national ranking as well as producing many all-conference players and junior college All-Americans. Many of the players receive scholarships to senior colleges and universities upon the completion of their two years at Blinn.

The baseball team has won five conference championships and has advanced to the Junior College World Series in Grand Junction, Colo., five times since 1962. The track team has won the conference championship five times in the last seven years, and has placed in the top ten at the NJCAA National Track Meet six of the past seven years.

The Buccaneers have also been ranked nationally in football and basketball. The 1968-1969 cage team finished second in the nation defensively with a 59.6 per game average.

The College participates in the intercollegiate sports program by membership in the Texas Junior College Football Federation, the Texas Junior College Athletic Conference, and the National Junior College Athletic Association.

Konza Klub And Circle K Give Service To Campus Community

Konza Klub and Circle K are organizations on the Blinn campus for those students who desire to serve their college and community.

The Konza Klub, the woman's service and social club, was organized in 1947 by a group of female students who felt there was a need for an all-girl organization on campus.

Membership is open to 25 freshmen and 25 sophomore females. A membership drive or rush is held each fall and spring to fill any vacancies.

Some of the service projects of the Konza Klub includes an Easter egg hunt for special education children of the Brenham Independent School District, a Christmas party for needy children in the primary grades in Brenham, a car wash in the fall and spring, contributions to the Student Memorial Fund on campus, and any assistance with a call for help within the community.

Social events include dances for the entire student body, a tea for faculty members, a party for the football team, and picnics, parties and banquets for the membership.

The Circle K, the men's service club, is affiliated with Kiwanis International.

The Circle K at Blinn is involved with the Texas-Oklahoma District and International Circle K activities. Currently Rickie Moehring is serving as Lieutenant Governor of Division VI of the Texas-Oklahoma District.

The club annually sponsors a dormitory decoration contest and bonfire during homecoming, a Who's Who Award Program to the best student in each department, and honors an outstanding civic leader by presenting books in the W. L. Moody, Jr. Library on campus.

The club currently is tutoring students at Summit Oaks Achievement Center in Brenham. The group also takes many of the Achievement Center youth to Buccaneer basketball games.

Council Plans Social Affairs For Students

The Student Council at Blinn serves as the hub for all activities on campus.

Each activity scheduled on campus must first be approved by the Council in order to avoid a conflict of activities. Besides this purpose, the Council is also responsible for student life and the development of school spirit and loyalty.

The Council is composed of members who are elected as student council representatives by the various clubs that they represent.

Elected officers of the Council, their office, and their hometowns are Ricky Burch, president, Hempstead; Pat Fleming, vice-president, Houston; Pat Lehrmann, secretary - treasurer, Brenham; Nancy Meyer, historian-reporter, Houston; and Sharon Little, chaplain, Killeen.

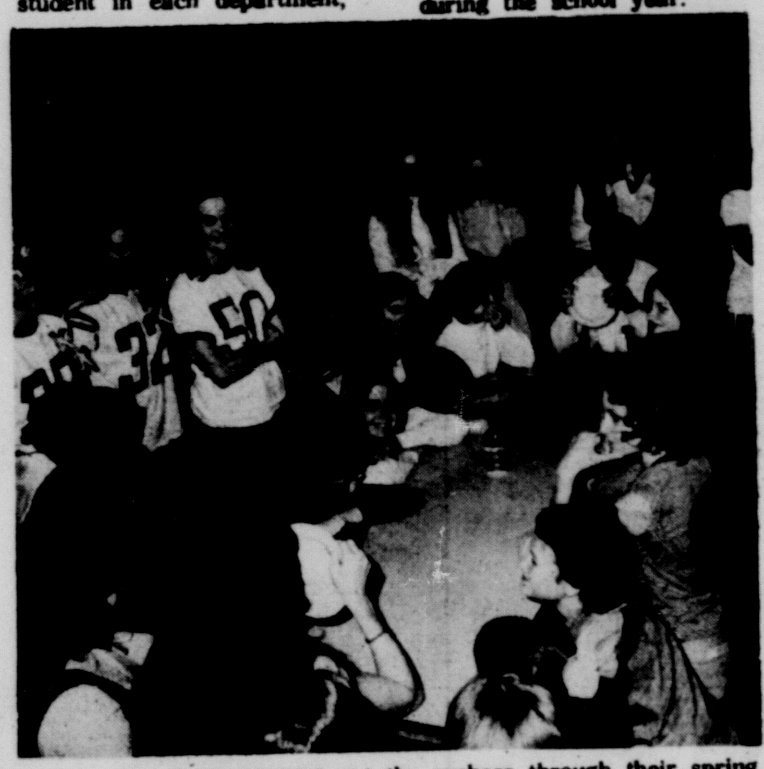
During the current school year, the Council sponsored three dances, a Region VI Intramural Basketball Tournament, Dad's Night and a parent's dinner, and a dinner for council representatives and their sponsors.

Group Hosts Talent Show

The Ebony Club on the Blinn campus is a social club designed to foster a better understanding between all people.

The main activity of the club consists of sponsoring an annual talent show in which all students have the opportunity to express their individual or group talents.

Besides this activity, the group also sponsors dances after football games and during the school year.

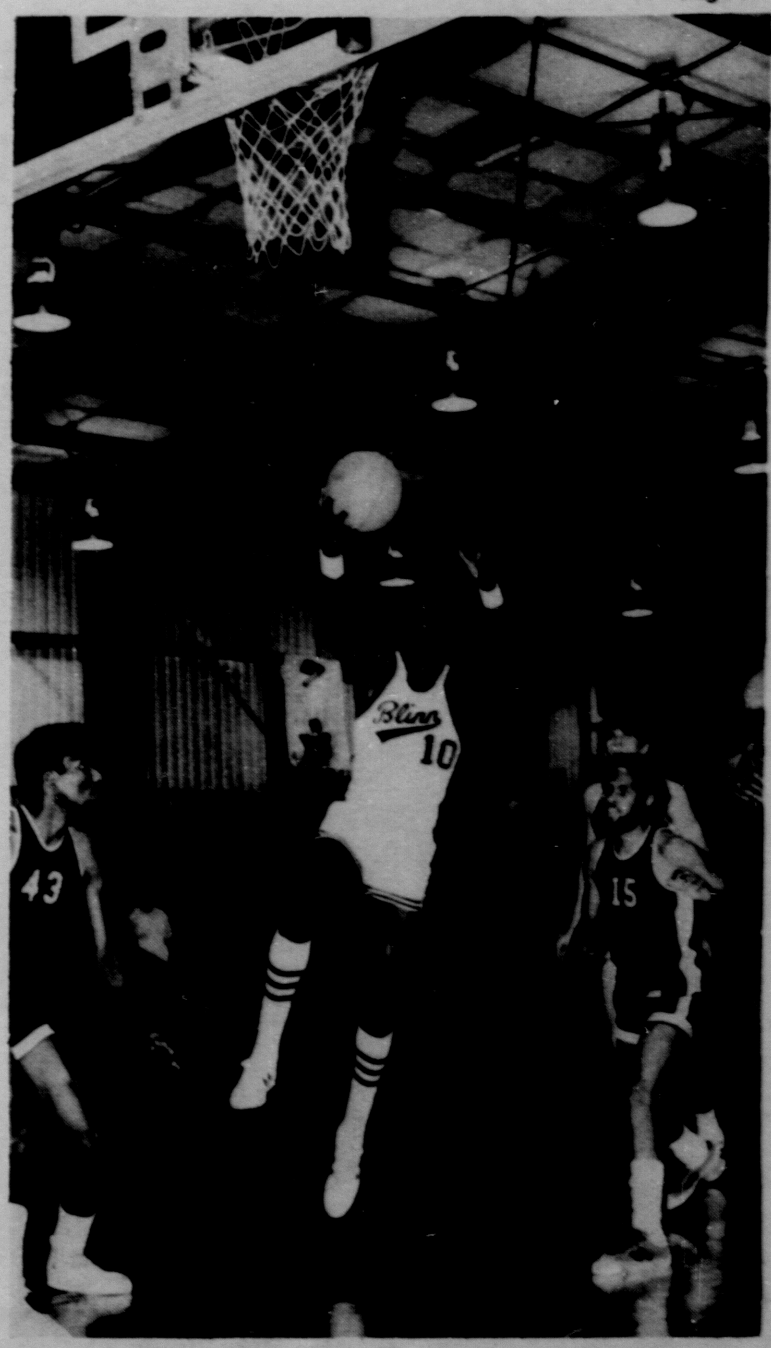


KONZA KLUB MEMBERS put the rushees through their spring initiation. Basil Cessna of Hardin, Texas, assists the young ladies as the club's beau. Konza Klub is the women's social and service club on campus.

What's Happening On Campus!

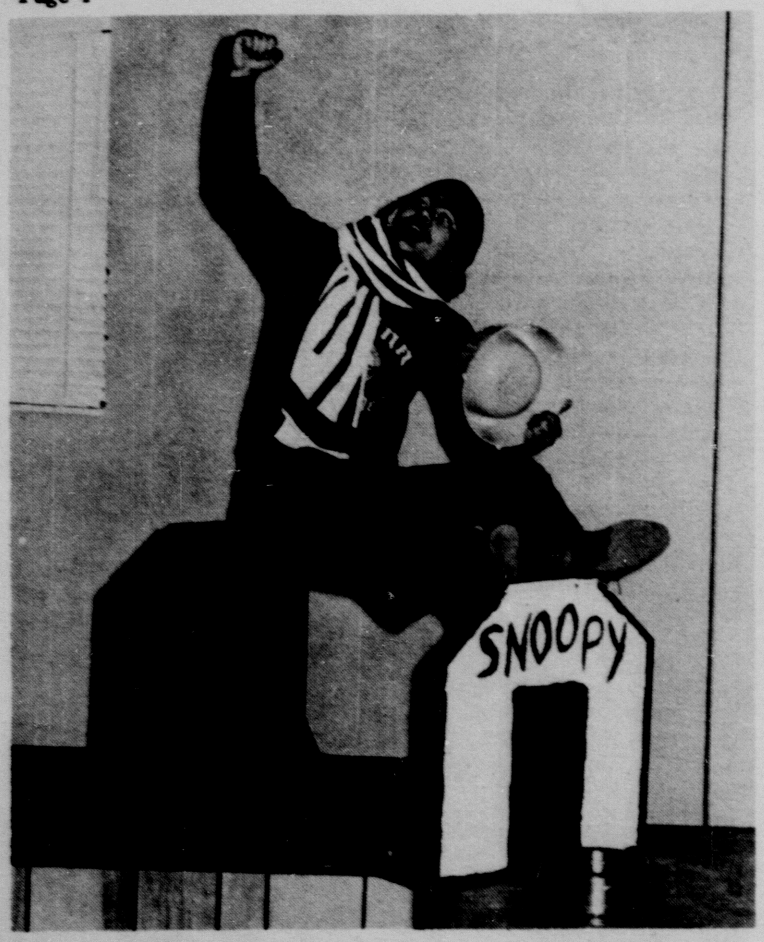
RECEIVING HER CAP AT THE LICENSE VOCATIONAL NURSING ceremony is Mrs. Sue Foitek of Hempstead. Mrs. Ora Lee Edwards, director of vocational nurses, presents the cap while Mrs. Ruth Bethke, instructor, looks on. Miss Foitek is receiving her clinical training at Bellville Foundation Hospital.

EXPLAINING THE BENEFITS for veterans to members of the Ex-Servicemen's Club is David Joost from Moulton. Looking on is (l. to r.) Elijah Davis from New Ulm and Bob Stone from Navasota.



MIKE HORN a freshman from Pineland takes an easy two points on the way to leading the Bucs Basketball team to victory over Temple Junior College.

MR. HERMAN SCHOENEMANN, Blinn mathematics instructor, visits with area high school students at a workshop for students from small schools sponsored by the Texas Education Agency and Blinn College.



CHARLES AMOS, A FRESHMAN student from McAllen, practices his part of Snoopy for the music department's production of "Your A Good Man Charlie Brown." A musical is presented each year by members of the Blinn Chorus.

PHI THETA KAPPA, Blinn's honor fraternity, sponsors a yearly talent show. This year, the talent show was held as one of the pre-homecoming activities. The girls in this entry are from left to right:

DORMITORY STUDENTS ENJOY just getting together and talking. From left to right are Sandra Porter, Schulenburg; Faye Graham, Houston; Jill Potter, Houston; and Sara Stewart, Katy. Seated on the floor is Lynne Toupin of Austin.

THE BLINN STUDENTS do their part in cheering the Buccaneers on to victory in one of last seasons home games against Kilgore Junior College. The fans usually pack Spencer stadium for almost ever game during the Bucs regular ten game schedule. Some students even attend many of the out of town games to help boost the school spirit. Many of the home games played by the Buccaneers are on Thursday night for the student's convenience.

THERE IS NOTHING like a game of spades while listening to the latest records in the Blinn Student Center between classes. Left to right are Lonnie Pate, Houston; Michael Carter, Austin; and John Walker Jr., Austin.
